

Civils & Infrastructure

 **CENTUM**

At Centum, we help our clients deliver all types of civil engineering projects.

By structuring our services to your specific needs, we can ensure you deliver on time. Our ethos of managing a core workforce proactively allows us to plan projects, train operatives and respond safely and promptly, installing the most relevant team to meet our customers' needs.

If required, we can also allocate dedicated staff for major projects. Additionally, our experience and operational procedures enable us to supply a high level of resource, all the while improving performance, complying with all applicable standards and increasing efficiency across all sectors.

Here is a sample of the resources we provide we consider package works:

- General Operatives
- General Trades & Labour
- Plant Operators & Drivers Including Plant
- Excavation, Piling & Groundwork Operatives
- Road surfacing supervisors & Operatives
- Steel fixing and Concrete finishing

Ciaron Brady

Contracts & Labour Manager (Civils)

Ciaron oversees the Civils division within Centum. He is responsible for managing ongoing contracts, and oversees each contract from inception to completion. Ciaron liaises with clients, co-ordinates resources and manages labour. With over 17 years' experience in the construction and groundworks industries, Ciaron has a keen eye for quality and will ensure only the highest quality of labour is provided for clients.

Ciaron started his early career in the construction industry on the tools for 8 years before moving on to a supervisory role. Ciaron wanted a change, he decided to switch paths, where he began working in groundworks. He worked in all aspects of groundworks which led him to obtaining a supervisor role. This role enabled him to oversee multiple civil squads on various high profile contracts with a tier 1 main contractor, therefore this allows Ciaron to ensure the quality of workmanship. With a passion to deliver, Ciaron's first-hand experience on the ground makes him the ideal contracts & labour manager for your project delivery team to liaise with, his passion for delivering high quality labour and projects does not go un noticed.
